Servizio:
1 year

Device

Web app - 1 year

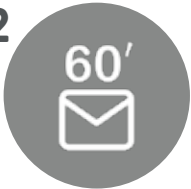

Connectivity - 1 year

Online Customer Service

How it works

-  Place ECCO TRACK with your goods
-  ECCO TRACK will send you the approximate position of your goods every 60' (thanks to the international Sigfox Atlas network, no GPS)
-  You can monitor the path of your goods on a management web app that generates a daily report of the quantities of ECCO TRACK detected per day on the recurring sites, quantities recorded

Technical features

Main features of the device:

- Transmission standard: 12/day (1 message every 60)
- Tracking via Sigfox Atlas service (no GPS)
- Daily keep alive message
- Battery level monitoring

Supply

- 2x AAA (included)
- Low power consumption
- 15.000 messages (depending on environmental conditions)

Communications

- Sigfox
- Internal antenna

LED indicator

- ON: press and release
- Green LED: message sent

Software Features

- Centralized Cloud management of all devices
- Remote configuration
- Mobile device (no installation required)
- Customizable operations (email, SMS, redirect, IFTTT, and others)

Cloud integration

- Allsensed
- Azure IoT Hub
- AWS IoT
- AWS Kinetics

Quick activation

- Web app
- QR code

General information

- Dimensions: 82x50x14 mm
- Weight: 40 g
- Color: grey
- Operations temperatures: -20°C/85°C
